RENEWED REQUEST FOR CORRECTED FILING RECEIPT

ASSISTANT COMMISSIONER FOR PATENTS
WASHINGTON, D.C. 20231

Sir:

This is in response to the communication mailed September 4, 2002, entitled "Response to Request for Corrected Filing Receipt" that is responsive to a Request for Corrected Filing Receipt which was submitted by Applicants by first class mail deposit dated August 6, 2002. A copy of the Request for Corrected Filing Receipt is attached hereto for reference.

In the Request, Applicants advised that three out of the five joint inventors with respect to the above-identified patent application had been omitted from the filing receipt in error. Applicants inadvertently submitted in support of the request for correction of this error, a copy of the unexecuted Declaration and Power of Attorney that was originally submitted when the application was filed on October 19, 2001. The present communication suggests that a substitute Declaration identifying all five inventors should be submitted to the

U.S.P.T.O. to effect their correction. In response thereto, Applicants advise that a fully executed Declaration and Power of Attorney was submitted and was duly filed on March 19, 2002 together with a Response to a Notice to File Missing Parts of Application, which Notice was dated February 12, 2002. Accordingly, a copy of Applicants' response to the Notice to File Missing Parts which was mailed and filed as of March 19, 2002, is attached thereto, and includes the copy of the fully executed Declaration and Power of Attorney, reference to which is made in the Response.

On the basis of the documents submitted herewith, Applicants believe that the U.S. Patent and Trademark Office has all of the information that is needed to make the necessary correction to the formal filing receipt. Accordingly, a corrected filing receipt including all of the inventors herein is respectfully requested.

Respectfully submitted,

RESPONSE TO REQUEST FOR CORRECTED FILING RECEIPT

Claims, Fees, and Inventors

In response to your request for a corrected Filing Receipt, the Office is unable to comply with the request because:

- ☐ The total number of claims appearing on the Filing Receipt does not include multiple dependent claims. The total fee appearing on the Filing Receipt includes the cost of multiple dependent claims that were present at the time the application was filed.
- ☐ The filing fee is correct. It may include additional claims fees and/or the surcharge under 37 CFR 1.16(e) for filing an oath/declaration or basic filing fee after the application filing date; or it may not reflect fees refunded to the applicant that were paid by mistake.
- ☐ The number of claims reflected on the filing receipt is correct. Upon review of the claims, it was found that there was a miscalculation by the applicant. This may be due to improperly presented multiple dependent claims, typographical error, misnumbering of the claims, or other oversight. An amendment may be necessary to correct the problem.
- ☐ The filing fee reflected on the filing receipt is correct. Applicant may have miscalculated the fees due.
- ☐ Applicant calculated fees as other than small entity; however, applicant asserted small entity status in the application. Therefore, fees were applied as small entity and the remainder was refunded to the applicant.
- ☐ The difference between the fees paid and the fees due was refunded to the applicant and will not be shown on the filing receipt.
- ☐ The inventor information may be truncated if the family name consists of more than 50 characters (letters and spaces combined) and if the given name consists of more than 50 characters (letters and spaces combined).

- ☐ The inventor's residence allows for up to 40 characters (letters and spaces combined).
- ☐ The inventor's residence will only include the city and state for U.S. residences or city and country for residences outside the U.S. (See MPEP 605.02).
- ☐ A petition to correct the inventorship is needed to make this change. See 37 CFR 1.48. For non-provisional applications, the petition should be directed to the Director of the examining group assigned to your application.
- ☒ Changes made after submission of an executed declaration to the inventor information other than correction of typographical errors must be submitted in the form of a substitute declaration. Change of inventorship requires a petition under 37 CFR 1.48.
- ☐ The number of drawings shown on the filing receipt reflects the number of drawing sheets submitted and is not necessarily equal to the number of figures submitted.
- ☐ The correspondence address was captured as directed by applicant on filing. If you wish correspondence to be directed otherwise, please submit a request for a change of address.
- ☐ The docket number allows a maximum of 25 characters.
- ☐ The person signing on behalf of the deceased inventor is reflected on the Filing Receipt as the legal representative.
- ☐ The filing date of a parent application cannot be changed by this request. A petition to correct the filing date in the parent application is required.
